

Companies principally involved in grocery retailing are eligible for membership in the Federation. Under NRF's bylaws, each member must pay dues based on total annual sales volume as reported in the most recent fiscal year. Total Sales must include sales received from all retail operations, including stores, catalogs, online stores and franchise fees.

Please see reverse side for dues schedule.

Dues are payable in advance (in U.S. currency). NRF dues are not deductible as charitable contributions for U.S. federal income tax purposes; however, a portion of your dues may be deductible for NRF members as an "ordinary and necessary" business expense.
