

For dues purposes, the U.S. system wide sales shall be determined by the member's latest fiscal year operating statement and shall consist solely of system wide sales of domestic food service sales at all restaurants of the member entity.

Please see reverse side for dues schedule.

Dues are payable in advance (in U.S. currency). NRF dues are not deductible as charitable contributions for U.S. federal income tax purposes; however, a portion of your dues may be deductible for NRF members as an "ordinary and necessary" business expense.
